

C. Remarks

This Amendment After Allowance is merely to cancel claims 20-39 without prejudice or disclaimer of the subject matter recited therein. The changes made in the Examiner's Amendment have been incorporated into the above-recited claims.

Clearly, no new matter has been added. It is also clear that this Amendment creates no new issues nor does it require a new search or reexamination. Wherefore, expedient entry of this Amendment is respectfully requested.

Applicants' undersigned attorney may be reached in our New York office by telephone at (212) 218-2100. All correspondence should continue to be directed to our address given below.

Respectfully submitted,
